Dear Colleague:

Based on our review of the information you submitted and our receipt of your certification endorsement document, your institution is now registered to offer online courses/programs to Connecticut residents.

Your institution's registration will expire on December 31, 2016. Please note you will need to reapply one month prior to the expiration date and renew your registration in order to continue to operate in the State of Connecticut. Please mark your calendar accordingly as no notice will be sent to you regarding the expiration.

The registration is based on regional accreditation with no probationary status and no active sanctions against your institution. During your institution's registration, should you lose your regional accreditation, be placed on probation or incur any sanctions, registration will not be renewed. Failure to notify our Office of any of these issues that occur after registration may result in your institution being prohibited from operating in the State of Connecticut in the future.

In addition, your institution is required to resolve all student complaints within thirty (30) days of receipt. Failure to resolve student complaints may result in your institution being prohibited from operating in the state.

If you have any questions, please contact us via email [OSR@ctohe.org](mailto:OSR@ctohe.org). Thank you.
