Dear Ms. Babcock:

The Missouri Department of Higher Education (MDHE) requires publically-supported, out-of-state institutions of higher education offering distance education within the state of Missouri to affirm, in writing, that they are accredited by a regional accrediting body and that the institution will adhere to the MDHE Principles of Good Practice for Distance Learning and Web-Based Courses as well as pay a \$500.00 authorization fee.

I am pleased to confirm that University of Utah has complied with the Missouri state requirements pertinent to 34 C.F.R. § 600.9(c) and RSMo.173.005.2. (12).

This certification gives the University of Utah authorization for the purpose of providing distance education to Missouri residents as well as student recruitment, advertising, and other related activities such as clinical and practicum experience. This certification does not authorize the operation of an instructional facility ("brick-and-mortar" presence) or the delivery of instructional courses or programs in Missouri.

Please note that this authorization is good for a period of one year. **Your authorization will expire on August 31, 2016.** Renewal documents will be sent to you prior to that date.

Please contact Amy Werner at (573) 522-1377 or by email at [Amy.Werner@dhe.mo.gov](mailto:Amy.Werner@dhe.mo.gov) should you have additional questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rusty Monhollon".
